Irish agency with largest operation in region

GOAL staff delivering aid and support across northwest Syria and Türkiye

GOAL has been one of the leading humanitarian agencies in Syria since **2012** and has been operational in Türkiye since **2013**.

1.5M+

People reached by GOAL's aid and support programmes in Syria and Türkiye each year.

FOR OVER 10 YEARS GOAL TEAMS HAVE SUPPORTED LOCAL COMMUNITIES IN TÜRKIYE AND SYRIA - DELIVERING FOOD, WATER, AND SHELTER TO FAMILIES IN NEED.

While the devastating news of this earthquake has struck right across the GOAL family, the impact on our teams in Syria and Türkiye is profoundly difficult: colleagues have lost their lives, family members, sustained injuries, and their homes have been destroyed. Offices, where GOAL colleagues met each day to plan and support programme operations, have also been damaged or destroyed.

This presents unprecedented challenges for our teams who remain committed to delivering aid and helping communities affected, because that is what GOALies do.

While GOAL staff assess the scale of the need, the provision of core items, medical supplies, food, water, shelter, blankets, non-food items is vital.

WE URGENTLY NEED COMPANIES, GROUPS, SCHOOLS AND INDIVIDUALS TO RAISE FUNDS TO HELP THOSE DEVASTATED BY THIS DISASTER.

Donations to GOAL's Türkiye and Syria response fund will provide:

Shelter, blankets and heat for those who have lost their homes

Food and clean water

Cash and vouchers for the most vulnerable

Health and social care
